From: Susan M. Hudson, Clerk of the Board

Re: Energy Savings Account Proposal; Deadlines for comments

Date: August 24, 2009

On August 12, 2009, the Vermont Department of Public Service ("Department") filed its proposal for an Energy Savings Account ("ESA") program, including eligibility criteria, available funding, implementation protocols, and other fundamental aspects. The ESA program would provide a process for eligible customers to self-administer energy efficiency measures. Pursuant to 30 V.S.A. § 209(d)(4), the Public Service Board ("Board") is required to make such a program available to customers by December 31, 2009.

Written comments on the Department's proposal are due **September 14, 2009**, with reply comments due **October 5, 2009**. Comments should also address whether additional Board process is needed before the program is implemented. If further Board process is requested, the filing should explain why additional process is required.

Comments should be submitted to the Board and circulated by e-mail to the Energy Efficiency Utility ("EEU") Service List. Information related to this process will be available on the Board's website at:
